

DEVELOPER STUDENTS CLUB INFOSESSION

Date: 27th September 2019

Venue: Kalol Institute of Technology & Research Center

Website: <https://dsckitrc.tech>

On the occasion of Google's 21st birthday, The Kalol Institute of Technology had organized information session on Developer Students Club (DSC). Students had actively attended this session. It was very informative and useful for engineering students, conducted by DSC team. This session covered topics like introduction of DSC, its activities, different types of DSC events, various communities, future opportunities for the students of engineering in various fields.

Mr. Prajval Raval, DSC Leader had started introductory session of DSC and enlightened initiative taken by Google. He also explained why students should join DSC and what benefits students will get from this club. He also explained information about speaker session, code labs, study jams, hand on workshops. He had shown procedure to organize workshop to students and how this club will be helpful to students in their learning process.

There are only fourteen DSC clubs running across the Gujarat state. Ms. Milki Patel, final year student of Computer Engineering had taken introductory session on benefits of tech community. She also realized how students will get chance to solve a real-life problem as a part of community. She had shown a clear vision about a tech community, its benefits, how this club will be helpful to solve their problems in the technological field. She also enlightened about different new technologies in day to day life.

Mr. Darshil Shah, final year student of Computer Engineering is a core team member of this club. He had shown career opportunities in various IT fields such as Artificial Intelligence, Machine Learning, Cloud Computing, Cyber-Security, Virtual Reality, Augmented Reality, mobile and web development.

At the end Umesh Patel, Student of IT department highlighted problems that students are facing in today's real life. He motivated students to set up their goals for future jobs. He also encouraged students to join DSC club and also discussed about benefits of DSC as being a member this club.

This information session was conducted under the guidance of Dr. Mitesh Popat, Principal of KITRC Engineering College and DSC Coordinator Prof. Nirali Patel. Prajval Raval is the main DSC leader from this college. Umesh Patel, Vaishnavi Shah, Darshil Shah and Milki Patel are core members of DSC team. Students learned a lot and thanked the entire DSC team for sharing their valuable knowledge.
